

IceContact^{XTRM}

Take control of Canadian winters

Available
pre-studded
and **studless**

“It is a premium brand. It holds a place in the tire industry.
Great product and price-performance ratio.”

— Jimmy, Quebec

XTRMDEALER.CA

 **TireLink**

Exclusive

Why is the IceContact^{XTRM} the best tire for Canadian winters?

Tier 1 Quality

Best-in-class,
German engineering,
competitively priced.

Improved traction and braking

Designed with 9 side elements for
enhanced grip on snow and slush.

Long lasting

Only 7/32" of wear after
63,000 km of city driving.

91 sizes, all available pre-studded and studless

Studless

Tread

- Connected center rib design for a more stable drive
- Deep structure with directional profile providing better fuel efficiency.
- Connected siping designed to combat stone retention.

Grooves

- Efficient groove network for improved handling on snow and slush drainage.
- Flexible footprint, dynamic on uneven or bumpy roads.

Tire tread

- Noise reduction for a more pleasant drive.

In-factory Studding

Studs

- TriStar studs for a better grip on snow than standard round studs.
- Lightweight aluminum head for road wear resistance.
- Stud retention technology making studs up to 4 times more sturdy.
- Crushed ice reservoir on each stud for a firm grip during braking and optimized flow of ice under the tire tread.

All studless tire specs apply as well.

Take control. Enjoy.

Don't miss out on the tire made for canadian winters.

Total Confidence Plan

60-day customer satisfaction guarantee (or the first 2/32" of tread wear).

The IceContact™ XTRM offers an additional measure of trust because it is supported by the Total Confidence Plan including:

- ✓ 3 years of roadside assistance, including complimentary tire change or towing up to 250 kilometres in case of a flat tire.
- ✓ Road hazard coverage.
- ✓ A limited warranty

“An excellent tire with good traction,
on ice as well as snow.”

- Nick Adair, New-Brunswick

91 sizes
all available
pre-studded
and studless
